Leaders of '69'

The Hugo High School cheerleaders of 1969 are: Juniors: Jan Dancer and Debbie Battiest; Seniors: Sherre Fountain, Mary Jane Jeffery, Charla Foley and Head cheerleader Carla Askew. All cheerleaders must practice much and work hard, but ours are especially hard working and loyal to our mighty Buffs. These girls are truly our leaders so let's back them and our team...All the way to another Victory!

ALMA MATER

We leave these halls far behind us
And though we go far away
We'll always be true
To the spirit we knew
In our Hugo High School days.

Loyalty, Courage, and Wisdom
We've gained through all the years.
And by God's good grace
We will soon take our place
Treasuring memories through smiles
and tears.

WE'RE LOYAL

We're loyal to you, Hugo High
We'll always be true, Hugo High
We'll back you to stand,
As the cheer in the land,
For we know you have sand, Hugo High.
Rah! Rah! Rah!

So stick with the ball, Hugo High.
We're backing you all, Hugo High,
Our hearts will go with you ever.
Our bonds be broken never.
We love you best, Hugo High.

Girl's State

The three girls that went to Girl's State this summer were Jane Jeffrey, Kathy Whelms, and Carla Askew.

This year's Girl's State was held at East Central State College at Ada, Oklahoma.

As you know, at Girl's State there is a program where a government is set up by the girls there. They have offices that girls participate in just as people do in reality. This year Kathy was a Senator for her town; Jane was secretary of State for hers; and Carla was City Treasurer.

They learned a lot from this experience and what they all agreed upon was that they wished everyone could go. It makes you a more patriotic and understanding individual.

In November the Girl States are giving a program for F. H. A. on patriotism. We hope that everyone will attend the program.

Boy's State

These five high school Seniors were selected to attend the Oklahoma American Legion Boy's State on the Oklahoma State University campus, June 8-15 of 1968. The delegates and their sponsors were: Gordon Allen by Hugo Rotary Club; Dudley Barnes and Robin Ford by Sanders-Tucker Post 59; Gerry Kelly by Lion's Club; and Stanley Large by Hugo Masonic Lodge 217.

Buy's States were instructed on the methods by which the local and state level government function.

An Editorial - The School Newspaper
Greetings! On behalf of the entire Broadcaster Staff, I would like to welcome you to the '68-'69 school year at Hugo High School and to the first edition of our paper.

Many students fail to realize the true importance of their school newspaper. To them it means nothing more than the "gossip" in the class news. Perhaps it might also be merely something to read during class for lack of anything else better to do.

This doesn't mean that there shouldn't be any "gossip" in the class news. It does mean, however, that it is not the real function of this written communication. It is true that media such as this should entertain, but more importantly, it should inform.

A paper relates and reviews the events through the ideas and thoughts of the reporter. Editorials and various other feature articles also communicate the author's viewpoint to the reader.

In addition to this, this publication promotes school spirit as well as pride in self and others with whom we come in contact. It also strives for the betterment of the student.

It is an ever present challenge for us, the staff, to improve the Broadcaster. We can not do this, however, without your help. This includes our sponsor, business men, faculty, and, most important, the students. We need your help, support, encouragement, indulgence, ideas, and constructive criticisms.

May this school year be the most profitable that you have as yet experienced. With your help, this can be the most profitable for the Broadcaster as well. For, after all, communication is a two-way street.

Noticed Any New Teachers' Faces Lately?

We are happy to welcome seven new teachers to Hugo High School. We feel that their being here will be quite beneficial to all of us.

Mr. Bolin is assistant principal of Hugo High School and principal of Washington Elementary. He previously taught at Snow and Kellard (both in Pushmataha County), and he was once Pushmataha County Superintendent of Schools. Hunting, fishing, electrical work, mechanics, and carpentry are among his hobbies.

The Freshman English teacher is Mrs. Davis. She graduated from Coalgate High School and East Central State College, Ada. Her hobby is cooking.

Beginning her twelfth year of teaching is Mrs. Gibson, who teaches Sophomore English and speech. She is a native of Broken Bow. Before coming here she has taught in Sherman, Texas; El Paso, Texas; Tularosa, New Mexico; and Davis, Oklahoma. Her hobbies include sports of all kinds and grooming and caring for her French poodle, Mrs. Hoot. After attending Phillips University, she graduated from Southeastern State College where she was a cheerleader. It was there that she met Mr. Gibson.

After attending Oklahoma State University for a time, Mr. Gibson transferred to Southeastern where he graduated and where he was active in such phases of sports as football, basketball, and baseball. The Ardmore native has taught in the same schools as has Mrs. Gibson. He list various sports and golf as his favorite hobbies. He is now assistant coach and head of boys' physical education.

Mrs. Gibson—English and Speech

Mrs. Alene Harris, a native of Bokchito, is a graduate of Southeastern State College. She is head of girls' physical education and cheerleader sponsor. This is her first year of teaching. Among her hobbies are swimming, canoeing, horseback riding, art, and reading.

The new band director, Mr. McCreight, is a native of Paris, Texas. After attending Paris Junior College and East Texas State University, he taught in Cooper, Texas; Bogata, Texas; Altiers, Oklahoma; and Texarkana, Texas. Composing and arranging and the Dallas Cowboys are his hobbies.

Being assistant coach and teaching Drivers Ed. are the duties of Mr. Landreth. Before coming to Hugo High School he was a coach and taught United States history at Junior High. After graduating from Southeastern State College, he taught for two years in West Texas before moving back to Hugo. Fishing and golf are his hobbies.

Again we would like to welcome these new teachers to Hugo High School, and we hope their time spent here will be a most enjoyable one.

Students Attend Citizenship Seminar
The Oklahoma Citizenship Seminar was held at Oklahoma Christian College in Oklahoma City, June 24-28, 1968.

Attending from Hugo were Charla Foley and Teresa Sanders, sponsored by the Farm Bureau; Gary Redwine, sponsored by the Rotary Club; and Ronald Popchoke, sponsored by the Linn's Club.

The purpose of the seminar was to contribute to understanding the strength and continuity contained in the philosophy of liberty upon which America is founded.

Each day the students were given at least three lectures. Among the many wonderful lectures were "Our American Heritage," "The Truth About Communism," and "God of the Atom." In addition to the lectures, the students were engaged in many fun activities. They had banquets, recreation periods, refreshment periods, and just free time.

Teresa, Charla, Gary, and Ronald considered this a valuable experience. Lat will provide pleasurable memories for the years ahead.

Virginia's officer is Grand Faith. After being elected to this office, she will advance through the station of Grand Hope, Charity, and Grand Worthy Advisor. This office is the highest one can receive in Grand Assembly.

Debbie's office is Grand Lecturer for District 1. Her duties are to attend the school of instructions in this district and to assist the Grand Executive Committee member.

Jill holds the office of being a member of the Grand Crus of Color Mystic Banquet Committee. She helps to plan the annual Mystic banquet in her district.

These girls have worked hard to maintain these offices and should be congratulated.

Annual Editors Attend Institute
Attending a Journalism Institute this summer in San Antonio, Texas, were Charla Fokey, annual editor, and Cathy Campbell, assistant editor.

Held on the campus of Trinity University, the institute is sponsored by that university and is held in conjunction with the Taylor Publishing Company which publishes our own Buffalo Trails.

While there the girls made a complete dummy which is an advance planning of the future annual. They also held various consultations with representatives from Taylor Publishing Company.

These girls are already hard at work on this year's annual, and we deeply appreciate the time they spend each summer planning and improving this publication.

Gary Redwine, a Senior of Hugo High School, attended Lamar State College of Technology at Beaumont, Texas this summer to further his education in science as well as to help him decide on a major in college.

Gary was accepted by the college by a personal application. He attended the school for two weeks.

The most outstanding thing he learned was the use of the Laser Beam.

Gary's reply to the question, "What is your personal comment on your stay at the college?" was:

"It was very interesting. We had lectures from the best of the college's professors and many professional engineers. We took a trip to NASA, toured the Apollo Moon Shot, and went to the Astro dome.

Choir Festival at ETSU

A member of Hugo High School's Clec Club attended the choral festival at East Texas State University. Gerry Kelly went to this festival in late June. Around seventy teen-agers were in the high school choir section. The director of the choir was Bev Henson of Texas Christian University. Gerry felt that this was highly interesting and he plans to return next year.

Science Club News

Science Club met Thursday, September 12, 1968 for its first meeting. Officers for the 68-69 school year were elected. Meetings will be on Mondays. The officers are: President, Jerry Eudy; Vice President, Danny Forthman; Secretary-Treasurer, Luann Sewell; and Reporter, Alicia Endicott.

Editor's Note: Guess what we found in one of the typewriters in Mrs. Landreth's room? One of the H. H. S. students put it there, but we don't know who. I have a feeling he'll be back, though. This was what we found:

While skipping gaily from the main building toward the vocational building one day, it suddenly occurred to me that I had the wrong book clutched in my hot little hand. From some where the feeling that this would go over like a lead balloon dropped upon my forehead and with some difficulty, entered by brain. Realizing that somehow I would have to exchange this book for the right one, my devious mind began to conjure up plans. Being the lazy type I wasn't about to walk all the way around to the right entrance to gain access to my locker. There was one way, dangerous and risky as it might be. Since I was the adventurous type I decided to give it a whirl.

Sneaking to the door, I slyly slid in and flattened against the wall. Edging over to the staircase, I peered around the corner to see if the coast was clear. It was! Now is my chance! Zooming up the stairs and gliding inconspicuously past Mr. Upchurch's room, I fled behind his door and tried to blend into the landscape. Now sliding along the wall, slowly gaining ground, closer and closer I came to Mr. Armstrong's office. Finally I was past it gaining territory rapidly! I was within five feet of my locker! With a last glance over my shoulder to make sure I had not been witnessed by anyone of

authority, I turned to take the final steps. Out of the blue I collided with someone, taking a step back to apologize I then realized the depth of the error. Coming briskly to my senses I said, "Oh, ...sorry, Mr. Parker, nice weather, isn't it?"

Buffs Toppie Wewoka 14-7

It was no Friday the 13th for the Buffaloes when they ran over the Wewoka Tigers 14-7. Hugo's command nearly all the game, exploded for a pair of touchdowns in the second half and our tough defense rose up to meet every threat the Tigers would make.

Cocaptain Rayford Clark romped to both of Hugo's touchdowns. One was a 42 yard run down the sideline after stealing a Tiger pass. It was barely out of Wewoka quarterback Mike Seem's hands before it boomeranged.

The other was a 76 yard run late in the game that put the Tigers on the spot.

The Buffs' quarterback Greg Nash really had a perfect passing game hitting 5 out of 7 passes. Mark Cannon and Fullback's Gerald Hutchings made good runs to keep the Tigers guessing.

Hugo's Defense - Judie Lammons, co-captain Andy Phillips, Ben Butler, Bob Cowley, Stanley Kolburn, Randy Short, Jack Barbers, Gordon Allen, Jim Wallace, Clay Pison, Mar Upchurch, Greg Nash, Mark Cannon, Gerald Hutchings, and Rayford Clark - practically gave nothing to the Tigers and stopped them twice within the ten yard line.

Altogether it was a great team effort by the Buffs and Coaching Staff. And it was the first on the way to the State Championship!

BUFFS DUMP ANTLERS 27-0

The Hugo Buffaloes, showing a powerful offense, and a tough defense, opened up their Klamath Conference season with an impressive victory over Antlers here Friday night.

Hugo, showing a balance of junior attack, scored twice in the first half and twice in the second half. Rayford Clark scored twice, Wingback Mark Cannon scored once, and quarterback Greg Nash scored the other one.

Antlers had an excellent opportunity to score in the second half when Hugo fumbled the ball on the one yard line, but Hugo's defense, which goes up looking all night, held for 4 straight downs, causing Antlers to give the ball to Hugo.

Overall, the Buffs showed a fine team effort which everyone can be proud of, so everyone come to it and support our boys on to State!

PRECIOUS POINTERS

Do you suffer from spasms of restlessness in your classes? In other words, do you feel pangs of boredom now and then? Here are a few precious pointers to the plagued.

1. Count how many guys are wearing red socks, blue socks, yellow socks, black socks, and any other combination you may notice. If you find one smart also wearing one pink sock and one green one, give him an "O" for originality.
2. Say your friends' names backwards, (to yourself).
3. Check everyone's shoes and try to figure out what size they wear.

4. Hum "Heard it through the Grapevine" to the rhythm of walking.
5. Count how many times the teacher looks at you. If it is an even number, bring him an apple. If you come out with an odd number, make sure it is a wormy apple.
6. (A little creativeness is called for.) Try studying.

It has come to our attention that several people aren't singing Alma Mater and We're Loyal at pep rallies, assemblies, and football games. In order to correct this, we are printing these songs so that the ones who don't know them will learn them.

SCHOOL SPIRIT

School spirit isn't
A goblin or a ghost.
And school spirit isn't
Your school host,
And school spirit isn't
The highest grade.
And school spirit isn't
How well teachers are paid.

School spirit isn't
The finest team.
And School Spirit isn't
What it may seem
School spirit is something
Much more real.
School spirit is something
You must feel!

PSALM 4:20-22

Mr. Moore's my teacher, I shall not pass—
He makes me do Link set on ad tests.

He leadeth me beside the irrational numbers.

He leadeth me in the paths of quadratic functions for his sake.

Yea, though I walk through the halls of the shadows of math, I will fear no E-2's for don't art blunking me.

Thy text and thy shderole, they comfort me.

Thou, O parent, a table of trigonometric functions before me in the presence of mine radicals.

Thou anointed my head with polynomials, my brain runners over with integrals.

Surely the set of real numbers and their additive inverses shall follow me all my school days, I shall dwell in the class of Moore forever.

Never in the history of fashion has so little material been raised so high to reveal so much that needs to be covered so badly.
