In a recent school wide election, all School Favorites were chosen, just as they are each year and sponsored by the Student Council again.

The qualifications set up by Council was: They must be Seniors; they must have a citizenship grade of at least a B; and most of all they should be an over-all good student.

Each home-room representative obtained four nominees from his home-

room, two girls and two boys. From these, the student body voted on the top, two girls and two boys. The winners and runners up were determined by these votes.

All School Favorites for the 1968-69 year are Mary Jane Jeffrey and Ronald Pyschoke. The runners-up are Charla Askew and Aulry Phillips.

Mary Jane is in FTA., FHA., and Thespians. She is a H. H. S. cheerlead-

er, Girls' State delegate, and an annual staff member. Mary Jane was also the Senior Halloween Queen candidate, football and basketball attendant and is a member of the National Honor Society.

Ronald is active in Math Club, a member of the National Honor Society, and is the president of H. H. S.'s Student Council.

Congratulations to these deserving students. They are our Favorites.

# Science Club

NEW NATIONAL HONOR SOCIETY INITIATES--Doona Evans, Lotise Butler, Rayford Clark, Kathy Wheelus, Carolyn Cole, Peggy Helton, Mary Jane Jeffrey and Alicia Endicott.

Outstanding NYC workers are Sheryll Key and Lotise Butler

The Hugo High School Science Club met January 13, 1989 to have their pictures taken for the annual. Afterward Alicia Endicott gave a lecture on "Tornadoes" for the program. It was announced that a field trip to the Hugo Dam Reservoir had been planned for April 13, 1989.

On January 27, 1989 the Hugo High School Science Club met again. The program was presented by Gordon Allen. The subject of his talk was the ocean. He discussed the mineral content, temperatures, and currents of the ocean. How mammals could breathe under water was also discussed. The possibility of farming the sea was mentioned.

The Science Club viewed a film on Congress at the February 10, 1989 meeting. A film of L.S.D. had been planned, but this film was not received. Mrs. Eudy was our guest in viewing this film. It was announced that the field trip and been changed from April 13, to April 14, 1989. The engineer from this project will speak to us on April 7, 1989.

At the February 24, 1989 meeting the program was presented by Karl Eudy. It was entitled "The Aardvark and Aardvark." It was suggested that we be considering a party for the Science Club at the end of the school term. Our next program will be given by Dr. Robert E. Smith, an engineer with Atlantic-Richfield. He will visit us while he is on his recruiting tour for his company.

# Spanish Club

After discussing further plans and having committees appointed for their annual party, Los Conquistadores heard a very interesting report by Lynn Harris on Theodore Binder, a modern doctor who is doing for the people in the remote jungles of Peru the same kind of self-sacrificing work that Albert Schweitzer did in Africa.

The program was spiced by Paytra Carnes's story of how the cacao bean (seed of the tree from which we get chocolate) was used as a medium of exchange in Pre-Columbian Mexico. A rabbit could be bought with ten beans. Montezuma, the mighty Aztec ruler, had in his treasury the modern equivalent of 6,000 tons. There was even "counterfeiters" who removed the kernel and refilled it. After the Spanish came, a gold peso was valued at approximately 1800 beans. It was one kind of money that "grew on trees".

# Latin Club

The Latin Club had their monthly meeting, Monday 3, 1989.

The President, Debbie Battiest, called the meeting to order. The minutes were not read due to the absence of the secretary, Linda Atkins.

The members who attended the meeting were Keith Simpson, Jack Sinclair, Jack Helton, Bobby Lindamood, Sarah Nelson, Vicki White, Bernnda Stevens, Turner Frison, and Kenneth Atkins.

A report on the Roman Calendar of

Julius Caesar, written by Linda Atkins, was read by Debbie Battiest.

A project, a stylus in wax tablet, was shown and explained by Sarah Nelson.

Mrs. Wayne Fellows, the club sponsor, decided the program by showing an interesting Latin projects which have been learned in during recent years.

The meeting was adjourned by the President, Debbie Battiest.

## Senior News

Well, we Seniors are counting the days (hours, minutes, etc.) now until Senior Week, then it'll be all over but the cryin'!

Everybody's coolin' it now so their's not much to gossip about, but I'll do my best.

Seems like a few of the Senior girls can't stay out of Mr. Parker's office. (Irresistible) HA!

I won't mention any names but a few of our Senior girls are going all out for a certain Junior guy. Have you heard anything about this Stanley K.?

Rodger P. has now learned to say "excuse me" and "please" and is now on his third lesson in politeness.

Sherre and Astry?? Maybe someday we'll have an answer.

From 18,000 miles away (Viet Nam) Joe Collivins got shot out of the saddle. Good shooting Jimmy G.!

Robin P. don't you give second chances? After all, the seventh grade was a long time ago.

Only 248 days until Bobby Rawls gets back and Carolyn C. is marking off the days.

### Remember when:

Karen R. wasn't in Hugo?

Sherre, instead of Astry, got letters from Durant.

We thought Rodger P. wouldn't be back?

Gary S. when he didn't have sideburns!

Kathy Wheelus went to Teen Town with Jimmy Thorpe?

Mark C. had his first date with Barbara A. to the Sweetheart Banquet?

Robin P. didn't have a big mouth (no one does)?

Charla F. had a "Buster Brown" haircut.

Gem P. went to the Sweetheart Banquet with Gerry K.?

With that I'll close. Good luck on research papers, Seniors!!!

# Let There Be Light Freedom Forum

On the 18th of February, junior and senior high school students from Hugo went to an annual Freedom Forum sponsored by Oklahoma Christian College. It was held in the Skirvin Hotel Imperial Ballroom, where the students stayed all day listening to four very interesting speakers. The topics they discussed were taken from the Forum's theme which was "Young America Pledges Allegiance." The speakers were: Dr. George S. Benson, Dr. Sidney L. DeLoe, Dr. Walter Judd, and Dr. Viscardi, Jr. All the students had a very enjoyable time and learned a great deal from it.

Mrs. Dawn Rice presented a program Thursday afternoon, March 6, 1969. The program offered demonstrations with interesting explanations of some of the basic scientific phenomena. The theme for the program was "Let There be Light". Mrs. Rice stressed the fact that light shouldn't be taken for granted. The students learned that everything they saw wasn't necessarily there and that in some cases, they didn't see everything that was there. The program was highly informative and interesting; and most important, enjoyed by all.

Mrs. Rice received her BA degree from San Diego State College. She has taught in California schools in almost every grade level and nearly every subject.

In the lecture education fields she has been active since 1965, when she first toured the Midwest with a similar science program. Since that time she has been actively associated with the production of science education programs that have toured in almost every state in the Union and reached over 3,000,000 students.

## VICA Club

The Hugo VICA Club was honored to have Mr. Jack Berry, head of T & I at the district meeting for T & I instructors and vocational teachers.

Mr. Berry served as chairman for the evening. After the dinner, Mr. Berry introduced Miss Barbara Plaris, who gave a speech entitled "What I Have Gained Through VICA." Barbara was followed by Charles Cayton, who gave a speech entitled "Our Responsibility as Students in VICA." Both Charles and Barbara are officers in VICA. Charles is our president and Barbara is our secretary.

After Charles and Barbara's speeches, Mr. Berry showed colored slides of the All-District Meeting at McAfee. The conclusion of the meeting was for the counsellors and instructors.

### Don't Interfere!

The driver of a Western bus pulled up at a stop sign and found he was in the hands of hunters. "Back up," said one of the hunters. "We're going to rob the bus and kiss the woman."

"No," said another member of the gang. "We'll leave the lady alone."

"Young men," said a woman of uncertain age, "mind your own business; your friend is manning this bus stop."

### That Explains It

Note from the teacher on Mary's report card, "Good worker, intelligent, but talks too much."

Note from father over his signature on back of report card: "Come up sometime and meet her mother."

### The Lesser of Evils

There was an earthquake recently which frightened inhabitants of a small town. One couple sent their little boy to stay with an uncle in another area explaining the reason for the nephew's sudden visit.

A day or two later the parents received this telegram: "An returning boy. Send earthquake."

# Do You Have This Disease ?

There is an often fatal and infectious disease raging throughout our high school. This destroyer, if it is not properly attended to, leaves its victim with scars for the rest of his life. This dreaded disease is called jealousy.

Jealousy, or envy, can be "caught" anywhere at any time. This malady is not restricted to any one group or class: all people are equally susceptible.

The symptoms of this illness are lack of self-belief and self-respect, contempt, distrust, suspicion, childishness, and pettiness. If not treated immediately these indications will develop into a strong, burning hatred that will ravage our lives.

The length of this plague varies, depending on the time it takes each individual to remove self-doubt and fears about himself from his heart.

The cure can be achieved through several various steps. They are as follows:

(1) Remember that praise for someone else is not blame for you.

(2) Don't be self-centered. Remember that each person needs to and should be singled out for his good qualities and achievements, too.

(3) Be sincere

(4) Concentrate on brightening other people's lives. Yours will become brighter in the process. In doing this you will forget all the pettiness that existed in your life before. In its place will come serenity and happiness.

Don't let this sickness destroy your life. If it has entered your life, do everything in your power to remedy it. If it hasn't don't let it. After all, there are enough illnesses around without this one!!

## On Hudson Show

Six girls from our FHA chapter were on the Hudson Brother's Show, where they presented a patriotic program written by Mary Jane Jeffrey. Those participating were Sherre Fountain, Patsy Custin, Barbara Amend, Donna Rinehart, Peggy Helton, and Mary Jane Jeffrey. Mrs. Brady, FHA Advisor, was also interviewed during the program. This program was very educational and very impressive. Those who missed it surely missed a treat.

## Tops in NYC

Congratulations to Sheryll Kay and Lois Butler on being selected outstanding NYC workers. These girls have certainly worked hard and really deserve this honor.

## Award Winner

We would like to extend our heartiest congratulations to HHS Senior, Rayford Clark on being selected to the All-American Football Team.

This is indeed an honor not only for Rayford, but also for our high school as well.

## Yea, Team !

It is with great pleasure at this time that we congratulate our basketball team, coaches, and managers on the finest of seasons.

We were honored to have been represented by such a fighting, determined, and loyal team as we had this season.

Our basketball team is another reason why "Buffs are best!"

## College Info

On Thursday, February 20, representatives from various colleges came to address students interested in going to college. Representatives from OSU, OU, East Central, Central State, Paris Junior College, Wilburton, and various other colleges were here.

The students gained much information about enrollment, requirements, and anything else vital to each specific campus. We wish to thank these people for spending their time to help us find out more about these colleges. We would also like to express our thanks to the administration and faculty of HHS who planned for the participation in College Night, making it possible for us to have this worthwhile project.

Phillip "Bear", are you really very vicious???

Pat C. and Virginia S., do you make it a habit of fallin' down in graveyards?

Sandy M., have you given up on Craig?? I hope not!

Dee De D., why did you hit Pat C. "into" the face? Seems as if she gets hit every Friday night???

Larry P., don't you believe that aspirins will dissolve???

Patsy P., what flavor cough syrup was that you had??

Sandy M., what is it you look at (if not his eye) when you look at Larry Coy???

## Fabulous Frosh

Our banquet and dance were absolutely GREAT!! This was one of the greatest things that could happen to us Freshmen. We want to thank all the people who made this possible. Now for some gossip...

Have you heard? The Frosh are seeing the true light!

Curtis finds his new little girl "interesting," don't you, Curtis?

It seems several Frosh have a good thing going:

Dale P. and Ann

Robert and Glenda

Bobby and Rhonda

Brett and Debbie

Kim and Cleans

Larry and Lea Ann

David F. got the "brush." Wonder who's going to get it next!

Linda J. has been seen with Jimmy H. Wonder what's going on.

Dale R., who were you winking at during the achievement tests?

Someone got confused!!! And while we're on the achievement tests, Jack T., keep your feet to yourself.

Kathy S. says she still loves Dobby A. Is this true?

We girls have developed a type of sign language that not every-body can understand. This is a great way for a silent conversation.

Beware of the "Blue Tongues"!!!

Reba M. has got her guy. Right, Dana D.?

Vonda, how are you and that good-looking G.I.?

Brenda S. is keeping her eyes open.

Martha E. goes after the Senior guys. Right Kim H.?

Sherrie C. has finally got the one she wants. I hear it's Earnest C.

Wanda A. has her old boyfriend back.

Gwen P., who is Jerald F.?

Roxanne and her Dallas boy still are going strong.

Here are some song titles that seem to fit:

Lea Ann to Larry--"I Say a Little Prayer"

Glenn to Kim--"Happy Together"

Roxanne to Steve--"Please Love Me Forever"

Jack T.--"Playboy"

Doris F.--"Miss Lonely"

Vonda G.--"Soldier Boy"

Marilyn--"I Walk Alone"

Lutherine to Larry P.--"This Magic Moment"

Andy to Jack--"Come back, Baby"

Mike Mitchell--"Gentle on my Mind"
