

Oil Stove Fire in Business District

The Hugo Daily News June 18, 1946 - transcribed by Ron Henson

While most of Hugo's business people looked on, the fire department made a run to the old Ross building at 8:10 a.m. today where an oil stove in the Bill Dennis apartment had caught fire.

The fire was quickly extinguished and no damage was reported, Chief Dan Blacksear said. The apartment is located on the second floor of the building over Willie Patterson's store.
